Electronic Min/ Max Thermometer EMT 888

Multipurpose Min-Max Thermometer may be used with or without remote sensor plugged in.
Operated by just one button.
The thermometer can hang or stand and may even be permanently attached onto a wall.

Using the in-built sensor, the EMT 888 monitors ambient temperatures.
With the remote sensor, which is totally watertight and has a greater temperature range, the thermometer is handy for many purposes.
The thermometer will read the remote sensor, if it is connected.
To start new readings: Press the "Reset" button

Features:
- Easy operation
- Large display
- Accurate
- Washable
- Hanging & Standing feature
- Detachable remote Sensor

.

Example of use:
- **Monitoring of Refrigerators**
- **Freezers**
- **Air Conditioning**
- **Ship with perishable Goods**
- **Vaccine**
- **Blood Products**
- **Chemicals**
- **Food preparation**
- **Beer temperature**
- **Incubators**
- **Greenhouses**

Specifications:

In-built sensor range:	-5 +50°C
Remote sensor range:	-50 +70°C
Remote sensor length:	3m
Accuracy:	±1°C
Battery:	G-13 Standard 1.5V
Size:	66 x 68 x 21mm,
Weight:	50g
Sensor:	Thermistor, 3m cable
