

## RT 600B ELECTRONIC POCKET THERMOMETER

### RT 600B Pen shape with clip

Industrial quality  
Accurate  
Water resistant  
Easy to clean  
Quick reading  
Pointed tip  
Large temperature range  
Data hold

#### **Use for:**

Fresh chilled food  
Frozen foods  
Chemicals  
Vaccines  
Food processing  
and much more

RT600 is water and soil resistant with covered pushbuttons for On/off, C/F and hold function.

There is a hole for hanging and a protective cover with a pocket clip. The cover may be used for stirring or may serve as an extra long handle. The large temperature range makes the thermometer very versatile.

#### **Specifications:**

Range: -50 +200°C  
Accuracy:  $\pm 1^{\circ}\text{C}$  ( -20 to + 120°C)  
Resolution: 0.1°C (-20 to +150°) Otherwise 1°C  
Unit size: Length 200mm  
Probe size: Length 120mm, diameter 3.5mm  
Sampling time: 0.7 second  
Battery: 1.5V, size LR44 or equivalent  
Power off: After 10 minutes
